

For our rapidly growing international sales organization based in Triesen/Liechtenstein (700 employees) we are looking for a

Visual Merchandising Specialist (M/W)

Location: Triesen (Liechtenstein)

In this international role, you will support the implementation of Visual Merchandising activities according to the annual consumer calendar and local communication plans. Your main stakeholders will be our VM Trainers and Sales Managers as well as our Retail Partners in over 40 countries within the region Central Eastern Europe, Middle East and Africa.

WHAT YOU CAN EXPECT

In this challenging position you will:

- Be responsible for the forecasting, ordering and on time delivery of VM material
- Support the development of the CEEMEA VM and branding strategy, processes and tools in accordance with corporate guidelines, assuring consistent implementation and excellent consumer experience across all markets and channels
- Support the communication of the CEEMEA VM direction to all partner and Swarovski owned stores in the region
- Develop and implement effective processes to support on time and efficient store setups with regards to visual merchandising including maintenance of a store database
- Support the training of visual merchandising standards
- Support planning and set-up of collections at events
- Be the main point of contact for all stakeholders in the region regarding VM Guidelines and VM for store set-ups

WHAT WE EXPECT

As an ideal candidate you have completed a business degree in Marketing and have at least 3-5 years of work experience, preferably within the areas of retail marketing of branded premium consumer goods. We expect a well-structured and analytical person with a strong organizational talent and a solution-oriented mindset, a pro-active personality with team orientation and abilities in lateral leadership. You possess strong communication skills, conceptual strength with a hands-on mentality and operational creativity. An excellent command of English and a basic knowledge of German as well as good command of SAP, Excel and the Adobe Creative Cloud programs are pre-requisites.

DOES THIS SOUND LIKE YOU?

If so, then we are looking forward to receiving your online application.
