## ONLINE PROJECT MANAGER (W/M/D)

People willing to promote Wolford's success are our most valuable capital. To boost the Online team at our headquarters in Bregenz, we are looking for a structured, analytical and creative personality as Online Project Manager

In this position you are in the co-lead for the project New Omnichannel Architecture (2 years projects including 7 sub projects) and you coordinate and lead Omnichannel projects together with Retail

### YOUR TASKS:

- Take responsibility for international strategic project New Omnichannel architecture from Business side
- Lead project teams and coordinate with internal and external parties
- Manage open topics, project plan and milestones according to project planning
- Prepare regular project updates for steering committee and supervisory board
- Lead activities such as workshops, meetings, technical analysis and solution design
- Fluent german & english

### YOUR PROFILE:

- Degree in Business / E-Commerce
- An understanding of software development and IT architecture
- Knowledge of Project management tools and processes
- E-commerce experience preferable

### WHAT WE OFFER:

- flexible working hours, international work environment
- employee discount for Wolford products and merchandise
- company health management (company doctor, free bike rental, yoga courses etc.)
- enjoy food in Wolford's own restaurant at employee conditions

Join the World of Wolford. We look forward to your application!

Note: The minimum salary for this position is determined by the Austrian Collective Agreement. The actual salary will be above the minimum salary depending on the qualification and work experience of the candidate.
